Rationale

ICRA has outstanding ratings of [ICRA]A-(Stable)/[ICRA]A2+ on the bank facilities of Girnar Food & Beverages Private Limited (GFBPL). GFBPL derives ~55% of its revenues from exports. Around 90% of the total exports are derived from Russia and Ukraine. Following the onset of the Russia-Ukraine war in March 2022, the company's exports to Russia were impacted. According to the company's management, tea exports to Russia have commenced but GFBPL continues to face short-term disruptions due to container shortages for exports to Russia. There are no major outstanding receivables (~Rs. 15 crore receivables were outstanding as on March 22, 2022, from Russia and Ukraine), and the company continues to receive payments from customers without any delays. The ratings derive comfort from GFBPL's comfortable credit profile with limited dependence on external debt and strong liquidity position, underpinned by liquid balances of ~Rs. 42.0 crore as on February 28, 2022, and unutilised working capital limits of Rs. 49.5 crore (to the extent of the available drawing power). The company does not have any external repayment obligation and has no major capital expenditure plans. ICRA would continue to monitor the impact of the ongoing conflict on the credit profile of company.

About the company

Incorporated in 1987, GFBPL is promoted by the Shah and Bhansali families, who have an equal shareholding in the company and are actively involved in all its major functions. The Group has an extensive existence in the domestic branded packaged tea business through the Girnar brand.
