Fund based – Term loans	86,970.04	96,970.04	[ICRA]AA+ (Positive); reaffirmed and assigned for enhanced amount
Fund-based facilities from banks [#]	4,000.00	4,000.00	[ICRA]AA+ (Positive)/[ICRA]A1+; reaffirmed
Sub-limit – Non-fund based limits from banks [^]	(100.00)	(100.00)	[ICRA]AA+ (Positive); reaffirmed
Commercial paper	12,000.00	12,000.00	[ICRA]A1+; reaffirmed
Total	1,53,121.64	1,62,921.64	

*Instrument details are provided in Annexure I

[#] Rs. 4,000-crore fund-based limits are interchangeable with cash credit and short-term working capital facilities (rated [ICRA]A1+), subject to total utilisation not exceeding Rs. 4,000 crore

[^] Sub-limit of Rs. 100-crore working capital facilities included as part of the rated Rs. 4,000-crore fund-based facilities from banks

Rationale

The ratings factor in Cholamandalam Investment and Finance Company Limited's (CIFCL) demonstrated track record of operations across business cycles. CIFCL has steadily scaled up and diversified its portfolio mix while keeping its credit costs under control. The vehicle finance segment shall remain the dominant asset class going forward, even as the share of the other key secured segments (home loans [HL] and home equity [HE]) is set to expand. The share of the new businesses, i.e. Consumer & Small Enterprise Loan (CSEL), SME Finance (SME) and Secured Business & Personal Loans (SBPL), has increased recently, but is not expected to exceed 15% of the assets under management (AUM) over the near to medium term. Also, total unsecured loans are expected to be capped at 8-10% of the AUM, going forward.

Improvement was seen in the asset quality over the last two years, following the disruptions faced on account of the Covid-19 pandemic. The gross stage 3 (GS3) improved to 2.6% as of June 2024 (2.5% as of March 2024) from 3.0% as of March 2023 (peak of 6.8% in June 2021). CIFCL's consolidated profitability indicators are comfortable, with the return on managed assets (RoMA) at 2.5% in FY2024 and the return on equity (RoE) at 20.1%, while the liquidity profile remained strong.

CIFCL had a core Tier-I capital of 13.6% (Tier-I of 14.8%) and a managed gearing of 7.4 times as of June 2024, moderating from 13.9% (Tier-I of 15.1%; managed gearing of 6.9 times) as of March 2024. ICRA notes that CIFCL had raised equity capital of Rs. 2,000.0 crore via a qualified institutional placement (QIP) and another Rs. 2,000.0 crore in the form of compulsorily convertible debentures (CCDs) in October 2023 (compulsorily convertible in October 2026 with a call option available with the investors from October 2025), which has supported its capitalisation profile in recent quarters.

The Positive outlook on the long-term rating reflects ICRA's belief that CIFCL would continue to strengthen its market presence and competitive position, while maintaining comfortable profitability metrics and good asset quality performance. Maintaining adequate capital buffers, on a steady-state basis, would be critical from a credit perspective and shall remain a key monitorable.

ICRA has also reaffirmed and withdrawn the long-term rating on the Rs. 1,800.00-crore non-convertible debentures and Rs. 17.40-crore subordinated debentures in accordance with its policy on the withdrawal of credit ratings as the instruments have matured and have been fully repaid.

The one notch lower rating assigned to the company's perpetual debt programme compared to the [ICRA]AA+ rating for the other long-term debt programmes reflects the specific features of these instruments, wherein the debt servicing is additionally linked to meeting the regulatory norms on capitalisation and reported profitability. The domestic regulatory norms for hybrid debt capital instruments include regulatory approvals from the Reserve Bank of India (RBI) for debt servicing (including principal repayments) in case the company reports a loss and is not liable to service the debt if it breaches the minimum regulatory capitalisation norms.

Key rating drivers and their description

Credit strengths

Established franchise and market position – CIFCL has an established position in the vehicle finance market, backed by its strong franchisee base, and has a fairly diverse product portfolio. As of June 2024, it had 1,438 branches in India (1,387 branches as of March 2024 and 1,191 branches as of March 2023). While vehicle finance is offered in 1,388 branches, HE is available at 779 branches (772 are co-located with vehicle finance), HL at 677 branches (641 are co-located with vehicle finance), CSEL at 446 branches (445 are co-located with vehicle finance), SBPL at 414 branches and SME at 86 branches, (all co-located with vehicle finance). About 83% of CIFCL's branches are in rural areas. The company has a diversified network with no single region (North/South/East/West) accounting for more than one-third of the total branches as of June 2024.

Disbursements grew by 22% YoY in Q1 FY2025, 33% in FY2024 and 87% in FY2023, driven by healthy demand across segments and contribution from new businesses, which have a lower tenor. Consequently, the AUM grew by 35% YoY as of June 2024, 37% in FY2024 and 38% in FY2023. It stood at Rs. 1,55,442 crore as of June 2024 with vehicle finance, HE, HL and new businesses accounting for 57%, 21%, 9% and 13%, respectively. Within vehicle finance, CIFCL caters to various segments including light commercial vehicles (LCVs; 23% of vehicle finance portfolio as of June 2024), heavy commercial vehicles (HCVs; 7%), cars (12%), multi utility vehicles (MUVs; 10%), used vehicles (27%), two-wheelers (7%), construction equipment (6%), and tractors (6%).

CIFCL had forayed into three new business divisions in the consumer and small enterprise/business loan ecosystem, namely CSEL, SBPL, and SME, in FY2022. These businesses accounted for 24% of the disbursements in Q1 FY2025 (23% in FY2024, 21% in FY2023 and 7% in FY2022) and 13% of the AUM as of June 2024 (12% as of March 2024, 9% as of March 2023 and 2% as of March 2022). The share of these segments in the overall portfolio is not expected to exceed 15% in the near to medium term. Going forward, the vehicle finance segment shall remain the dominant product (50-55% of the AUM) even as the share of HL and HE is set to expand (35-40%). Total unsecured loans are expected to be capped at 8-10% of the AUM.

Comfortable profitability indicators – CIFCL's consolidated RoMA remained range-bound during FY2022-FY2024. It stood at 2.5% in FY2024 compared to 2.6% in FY2023. The increase in the cost of funds in FY2024 was partly offset by the rise in business yields as the business mix changed, improvement in other income, the capital infusion in H2 FY2024 and the lowering of on-balance sheet (on-b/s) liquidity. The net interest margin (as a percentage of AMA¹) declined to 6.5% in FY2024 from 6.7% in FY2023 (6.7% in FY2022 and 6.4% in FY2021). The operating expenses to total managed assets ratio remained high at 3.1% in FY2024 vis-à-vis 2.8% in FY2023 (2.5% in FY2022 and 2.2% in FY2021) on account of branch expansion, commencement of new

¹ AMA – Average managed assets

businesses, and expenses relating to insurance income. Other income, however, improved to 0.8% of AMA from 0.5% in FY2023 because of insurance income at the group level, which contributed 0.4% to the AMA in FY2024. CIFCL's operating profitability stayed in the range of 4.2-4.4% over the last three years in relation to credit costs of 0.8-1.0%, indicating a comfortable cover of around 4 times.

ICRA takes note of the RBI's circular on higher risk weights for bank credit to non-banking financial companies (NBFCs), which is expected to push up the cost of funds for the sector. Earnings performance, in view of the above, shall remain a monitorable.

The consolidated profitability largely depends on CIFCL's standalone performance as the operations of the subsidiaries have been negligible in comparison to the parent company.

Improving asset quality – CIFCL's delinquencies have demonstrated a steady recovery over the last two years with the 90+ days past due (dpd) improving to 2.6%² as of June 2024 and 2.5% as of March 2024 (3.0% in March 2023) from the pandemic-induced peak of 6.8% as of June 2021. The improvement was also partially supported by the portfolio growth witnessed in the recent past. The gross non-performing assets (NPAs) and GS3 stood at 3.6% and 2.6%, respectively, as of June 2024 (3.5% and 2.5%, respectively, as of March 2024) vis-à-vis 6.8% and 4.4%, respectively, as of March 2022. The gap between the two has been declining steadily. The overall credit cost (as a proportion of AMA) was 1.4-1.7% in FY2020 and FY2021 due to excess provisions and asset quality headwinds on account of the pandemic. The same moderated to 0.8-1.0% during FY2022-FY2024 (in line with historical trends), with the improvement in the asset quality and the reversal of excess provisions. The overall expected credit loss provision in relation to the loan book (on-b/s) reduced steadily to 1.8% as of June 2024 and 1.7% as of March 2024, similar to the pre-pandemic level, from 2.2% as of March 2023 and 3.0% as of March 2022 as the asset quality improved.

The 90+dpd in vehicle finance stood at 3.3% as of June 2024 (3.0% as of March 2024 and 3.2% as of March 2023) vis-à-vis 6.4% as of June 2021. However, it remains above the pre-Covid level of 1.8% as of March 2019. The same improved sharply in the HE segment, which constituted 21% of the net AUM, to 2.3% as of June 2024 (2.4% as of March 2024 and 4.0% as of March 2023) from 8.9% as of June 2021 and as well as from the pre-Covid level of 5.5% as of March 2019. The 90+dpd in the HL segment stood at 1.0% as of June 2024 (0.9% as of March 2024) vis-à-vis 3.2% in March 2022. In the new businesses, the 90+dpd stood at 1.3% for the CSEL segment and 0.6% and 1.6%, respectively, for SBPL and SME finance as of June 2024. An uptick in the overall dpd in the CSEL segment has been witnessed in recent years as the company has originated loans via partnerships with fintechs. These partnership-based loans are largely covered by a first loss default guarantee (FLDG), which shall contain credit losses. CIFCL is likely to calibrate its growth in this segment in the near term, as demonstrated by the recent scaling down of its relationship with two fintech partners.

Committed financial, operational and management support from Murugappa Group – As a part of the Murugappa Group, CIFCL derives management, operational and financial support from the Group, which holds a sizeable stake in the company through Cholanandalam Financial Holdings Limited (CFHL) and Ambadi Investments Limited. CIFCL's board includes eight directors, including three from the Murugappa Group, while the rest are independent non-executive directors. Operationally, CIFCL derives synergies in its various business segments, including vehicle finance, HE, micro, small and medium enterprise (MSME) finance and home finance, by tapping the captive customer and vendor bases of the Group companies. ICRA expects timely capital or other support from the Group, if required, and as observed in the past.

² GS3 as of March 2022, March 2023, March 2024 and June 2024 was 4.4%, 3.0%, 2.5% and 2.6%, respectively, while gross NPA was 6.8%, 4.6%, 3.5% and 3.6%, respectively

Credit challenges

Maintaining adequate capital buffers in view of growth plans – CIFCL's core Tier-I moderated to 13.6% as of June 2024 and 13.9% as of March 2024 from 14.2% as of December 2023 due to healthy AUM growth. The company had shored up its capital position with the infusion of Rs. 2,000 crore of equity capital via a QIP in October 2023, which pushed its core Tier-I above the March 2023 level (13.2%). Similarly, its total Tier-I capital, inclusive of perpetual debt instruments, stood at 14.8% as of June 2024 and 15.1% as of March 2024 (14.8% in March 2023). Its Tier-II capital was also augmented by the issuance of Rs. 2,000-crore CCDs in October 2023 (convertible in October 2026 with a call option available to the subscribers in October 2025). Overall, the capital adequacy ratio moderated to 18.0% as of June 2024 and 18.6% as of March 2024 from 19.4% as of December 2023 (17.1% in March 2023). ICRA notes that the impact of the recent RBI circular (higher risk weights for consumption credit extended by NBFCs) on CIFCL's capital adequacy ratios has been modest.

In recent quarters, CIFCL's leverage was supported by the equity raise. Maintaining adequate capital buffers while growing the loan book would be crucial as the AUM is expected to increase at a compound annual growth rate (CAGR) of 25% over the medium term. CIFCL has a demonstrated track record of raising capital (Rs. 4,000 crore in FY2024, Rs. 1,200 crore in FY2020, Rs. 300 crore in FY2013, Rs. 212 crore in FY2012 and Rs. 150 crore in FY2011).

Environmental and social risks

Given the service-oriented business of CIFCL, its direct exposure to environmental risks/material physical climate risks is not significant. Lending institutions can be exposed to environmental risks indirectly through their portfolio of assets; about 57% of CIFCL's portfolio is towards vehicle financing. The residual value of the security in the vehicle finance business could decline in case of policy changes such as an incremental ruling on the reduction in the operating life of vehicles, thereby impacting the profitability. Further, there is increasing interest from policymakers towards identifying the exposure of financing companies to carbon emissions through their financing activities. However, this process is in an early stage and ICRA expects any adverse implications to manifest only over a longer time horizon, giving financing companies adequate time to adapt and minimise the credit implications.

With regards to social risks, data security and customer privacy are among the key sources of vulnerability for lending institutions as material lapses could be detrimental to their reputation and invite regulatory censure. CIFCL has not faced any significant lapses in this regard. It serves the financing needs of a relatively underserved category of borrowers, supporting social inclusion and economic development.

Liquidity position: Strong

CIFCL had cash and liquid investments of Rs. 14,324 crore as on June 30, 2024 and undrawn bank lines of about Rs. 743 crore. It has debt payment obligations (including interest) of about Rs. 15,434 crore during July-September 2024. CIFCL's funding profile remains comfortable owing to its established relationships with various institutional lenders. Bank loans accounted for 58% of its borrowings, as of June 2024, while debentures, commercial paper and portfolio sell-downs accounted for 19%, 5%, and 17%, respectively.

Rating sensitivities

Positive factors – Sustained asset quality and profitability performance, while maintaining adequate capital buffers, would have a positive impact.

Negative factors – An increase in the 90+dpd beyond 5%, impacting earnings on a sustained basis, would have a negative impact. Weakening in the Tier-I capital adequacy below 13% on a sustained basis could also exert pressure on the ratings.

About the company

CIFCL, a non-banking financial company, is a part of the Chennai-based Murugappa Group of companies. Incorporated in 1978, it operates through 1,438 branches across 29 states and Union Territories (UTs) with a net AUM of Rs. 1,55,442 crore as of June 2024. Its core business segments include vehicle finance (57%) and HE loans (21%). CIFCL has forayed into three new business divisions in the consumer and SME ecosystem, namely CSEL, SBPL and SME, which contributed 13% to the AUM while housing finance accounted for the rest (9%). As of June 2024, CIFCL had two wholly-owned subsidiaries, Cholamandalam Home Finance Limited and Cholamandalam Securities Limited, a joint venture with Payswiff Technologies Private Limited, and an associate entity – Vishvakarma Payments Private Limited.

In FY2024, CIFCL (standalone) reported a net profit of Rs. 3,423 crore on a managed asset base of Rs. 1,60,194 crore compared with a net profit of Rs. 2,666 crore on a managed asset base of Rs. 1,17,607 crore in FY2023. In Q1 FY2025, it reported a provisional net profit of Rs. 942 crore on a managed asset base of Rs. 1,76,516 crore.

In FY2024, CIFCL (consolidated) reported a net profit of Rs. 3,411 crore on a managed asset base of Rs. 1,60,429 crore compared with a net profit of Rs. 2,677 crore on a managed asset base of Rs. 1,17,718 crore in FY2023.

Complexity level of the rated instrument

Instrument	Complexity Indicator
Non-convertible debentures	Very Simple
Subordinated debentures	Very Simple
Perpetual debt instrument (PDI)	Moderately Complex
Fund based – Term loans	Simple
Fund-based facilities from banks	Simple
Sub-limit – Non-fund based limits from banks	Simple
Commercial paper	Very Simple
Market linked debentures	Moderately Complex

The Complexity Indicator refers to the ease with which the returns associated with the rated instrument could be estimated. It does not indicate the risk related to the timely payments on the instrument, which is rather indicated by the instrument's credit rating. It also does not indicate the complexity associated with analysing an entity's financial, business, industry risks or complexity related to the structural, transactional or legal aspects. Details on the complexity levels of the instruments are available on ICRA's website: [Click Here](#)

About ICRA Limited:

ICRA Limited was set up in 1991 by leading financial/investment institutions, commercial banks and financial services companies as an independent and professional investment Information and Credit Rating Agency.

Today, ICRA and its subsidiaries together form the ICRA Group of Companies (Group ICRA). ICRA is a Public Limited Company, with its shares listed on the Bombay Stock Exchange and the National Stock Exchange. The international Credit Rating Agency Moody's Investors Service is ICRA's largest shareholder.

ICRA ratings should not be treated as recommendation to buy, sell or hold the rated debt instruments. ICRA ratings are subject to a process of surveillance, which may lead to revision in ratings. An ICRA rating is a symbolic indicator of ICRA's current opinion on the relative capability of the issuer concerned to timely service debts and obligations, with reference to the instrument rated. Please visit our website www.icra.in or contact any ICRA office for the latest information on ICRA ratings outstanding. All information contained herein has been obtained by ICRA from sources believed by it to be accurate and reliable, including the rated issuer. ICRA however has not conducted any audit of the rated issuer or of the information provided by it. While reasonable care has been taken to ensure that the information herein is true, such information is provided 'as is' without any warranty of any kind, and ICRA in particular, makes no representation or warranty, express or implied, as to the accuracy, timeliness or completeness of any such information. Also, ICRA or any of its group companies may have provided services other than rating to the issuer rated. All information contained herein must be construed solely as statements of opinion, and ICRA shall not be liable for any losses incurred by users from any use of this publication or its contents.
